

Appendix A.

Representative Supreme Court Decisions Analysed under the Judicial Reasoning Analytical Protocol (JRAP)

Appendix A contains the representative Supreme Court decisions analysed during the application of the Judicial Reasoning Analytical Protocol (JRAP). The cases were selected through purposive sampling according to the inclusion criteria described in Section 2.2 and were coded using the E1–E8 analytical framework presented in Section 2.3. The Appendix serves as the documentary basis for the doctrinal conclusions discussed in Section 3.3 and the functional assessment presented in Table 2.
